

**Introduced by Senator Corbett**

February 5, 2010

---

An act to add and repeal Article 6 (commencing with Section 12290) to Chapter 3 of Division 12 of the Elections Code, relating to elections.

**LEGISLATIVE COUNSEL'S DIGEST**

SB 970, as introduced, Corbett. Preelection day voting.

Existing law generally requires voters who wish to vote and who do not cast their ballots by mail to cast their ballot at the precinct polling place on election day.

This bill would require, until December 31, 2016, the Secretary of State, in conjunction with the county elections officials, to select 4 college campuses, 2 within the University of California and 2 within the California State University, to each serve as preelection day polling places for one precinct during at least one general election. The bill would require that the preelection day polling places be open to receive votes from 7 a.m. to 8 p.m. on the 5 business days preceding election day and during the same hours on election day. The bill would require each county elections official who has a preelection day polling place within his or her jurisdiction during an election to report to the Legislature and the Secretary of State regarding the use of the preelection day voting polling place within 6 months of the date of the election. The Secretary of State would then be required to report to the Legislature regarding the feasibility to expand the preelection day voting polling place program within 8 months of the date of the election.

Because this bill would increase the duties of elections officials, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*

1 SECTION 1. The Legislature finds and declares all of the  
2 following:

3 (a) There is a correlation between preelection day voting and  
4 higher instances of voter turnout.

5 (b) Preelection day voting on college campuses will allow  
6 college students more time to vote and thereby more effectively  
7 manage their busy class schedules.

8 (c) Research findings show that the younger a voter becomes  
9 engaged in the political process, the more likely he or she will  
10 remain an active participant in our democratic system of  
11 government.

12 SEC. 2. Article 6 (commencing with Section 12290) is added  
13 to Chapter 3 of Division 12 of the Elections Code, to read:

14  
15 Article 6. Preelection Day Voting Polling Places Pilot Program  
16

17 12290. (a) For at least one general election from January 1,  
18 2011, but prior to December 31, 2016, the Secretary of State, in  
19 conjunction with the county elections officials, shall establish  
20 preelection day voting polling places on four college campuses in  
21 the state, subject to the following conditions:

22 (1) Two of the college campuses shall be within the University  
23 of California. Both of the campuses selected must have at least  
24 20,000 registered students at the time of selection.

25 (2) Two of the college campuses shall be within the California  
26 State University. Both of the campuses selected must have at least  
27 13,000 registered students at the time of selection.

1 (b) Each college campus selected to be a preelection day voting  
2 polling place shall serve as the polling place for one precinct in  
3 the jurisdiction. To the extent practicable, the entire college campus  
4 shall be contained within the precinct for which it serves as the  
5 polling place.

6 12291. A preelection day voting polling place established  
7 pursuant to Section 12290 shall be open from 7 a.m. until 8 p.m.  
8 during the five business days prior to the date of the election and  
9 from 7 a.m. until 8 p.m. on the date of the election for voters to  
10 cast their ballots. For each day that the preelection day voting  
11 polling place is open to receive votes prior to the date of the  
12 election, the provisions of Chapter 1 (commencing with Section  
13 14000), Chapter 2 (commencing with Section 14100), and Chapter  
14 3 (commencing with Section 14200) of Division 14 shall apply.  
15 For the date of the election, Division 14 (commencing with Section  
16 14000) in its entirety shall apply.

17 12292. A preelection day voting polling place may not be  
18 established for any election other than a general election.

19 12293. (a) Each county elections official who has a preelection  
20 day voting polling place within his or her jurisdiction during an  
21 election shall report to the Legislature and the Secretary of State  
22 regarding the election within six months after the date of the  
23 election. This report shall include, at a minimum, statistics  
24 regarding the cost of a preelection day voting polling place, the  
25 turnout of voters at the preelection day voting polling place, and  
26 any problems with preelection day voting polling place voting that  
27 has been made known to the elections official.

28 (b) After receiving the reports from the county elections officials  
29 pursuant to subdivision (a) but not later than eight months after  
30 the date of the election, the Secretary of State shall report to the  
31 Legislature regarding the ability to expand the preelection day  
32 voting polling places program to other college campuses within  
33 the state.

34 12294. This article shall remain in effect only until December  
35 31, 2016, and as of that date is repealed, unless a later enacted  
36 statute, that is enacted before December 31, 2016, deletes or  
37 extends that date.

38 SEC. 3. If the Commission on State Mandates determines that  
39 this act contains costs mandated by the state, reimbursement to  
40 local agencies and school districts for those costs shall be made

- 1 pursuant to Part 7 (commencing with Section 17500) of Division
- 2 4 of Title 2 of the Government Code.
